Purpose of 1332 Waivers

Background:

- States may waive parts of the Affordable Care Act (ACA) to pursue innovative strategies to provide access to high-quality, affordable health insurance

Statutory Guardrails:

1. **Comprehensiveness**: Provide coverage at least as comprehensive as provided absent the waiver
2. **Affordability**: Provide cost-sharing protections against excessive out of pocket spending at least as affordable as absent the waiver
3. **Coverage**: Offer healthcare coverage to a comparable number of residents as absent the waiver
4. **Deficit Neutrality**: Must not increase the federal deficit

Draft Section 1332 Waiver Application
Goals of Georgia’s 1332 Waiver

Improve access and affordability of individual healthcare coverage in Georgia with strategies to:

- **Reduce premiums**, particularly in high-cost regions
- **Incentivize carriers to offer plans** in more counties across the State
- **Foster innovation** to provide better access to healthcare coverage
- **Expand choice** and **affordability** of options for consumers
- **Attract uninsured individuals** into the market
- **Maintain access** to metal level Qualified Health Plans (QHPs) and Catastrophic Plans
- **Maintain protections** for individuals with pre-existing conditions

1332 Waiver Design

Key Features of the Program

Implement a **reinsurance program** to help stabilize the individual market by **reducing premiums** and attracting and retaining carriers.

**Transition Georgia’s individual market** from the Federally Facilitated Exchange **to the Georgia Access Model** to improve access, choice, and affordability for consumers.

**Reinsurance and Georgia Access Begin in 2022**

Changes From Initial Waiver Application

Reinsurance Program

• The implementation of the Reinsurance Program has been shifted to PY 2022 alongside Georgia Access

Georgia Access Model

• The State is not seeking authority to certify and offer subsidies for Eligible non-QHPs
• The State is not seeking authority to issue state subsidies
  • The State will send enrollment and subsidy eligibility information to the U.S. Department of the Treasury
  • Treasury will continue to issue Advanced Premium Tax Credits (APTCs) and Premium Tax Credits (PTCs), as it does today which are only available for QHPs

Georgia Access Model Overview

Front-End Operations (Private Sector Entities)
- **Consumers shop, compare, and purchase plans** through a network of private sector entities (web-brokers or carriers)
- Private sector leverages mechanisms and incentives in the commercial market to provide education, outreach, and customer service

Back-End Operations (State)
- Calculates **eligibility for federal subsidies**
- Sends enrollment and eligibility information to Treasury Department

Back-End Operations (Federal)
- **Issues APTCs** for QHPs to plans on behalf of individuals and **reconciles PTCs** for individual during tax-filing

Georgia Access Model Benefits

Benefits of Georgia Access

• Maintains access to current QHP and Catastrophic Plan options
• Provides consumers with the ability to view all plans available to them which are licensed and in good standing with the state via web-broker platforms
• Allows consumers to enroll/re-enroll directly with carriers
• Provides for greater accuracy in projecting consumers’ subsidy eligibility by leveraging more updated income verification sources
• Streamlines referrals to and from Medicaid
