	Methodology Assumptions and Limitations Analytical Findings Findings Summary Recommendations

The Medicaid Care Management Organizations Act (the "Act") requires the Care Management Organizations (CMOs) to provide a Hospital Statistical and Reimbursement (HS&R) report within 30 (thirty) days upon request of a provider. Specifically, O.C.G.A. 33-21A-11 states:

Upon request by a hospital provider related to a specific fiscal year, a care management organization shall, within 30 days of the request, provide that hospital with an HS&R report for the requested fiscal year. Any care management organization which violates this Code section by not providing the requested report within 30 days shall be subject to a penalty of \$1,000.00 per day, starting on the thirty-first day after the request and continuing until the report is provided. It is the intent of the General Assembly that such penalty be collected by the Department of Community Health and deposited into the Indigent Care Trust Fund created pursuant to Code Section 31-8-152. A care management organization shall not reduce the funding available for health care services for members as a result of payment of such penalties.

Additionally, the CMOs must submit a list of the requested HS&R reports to the Department of Community Health ("the Department" or DCH) no later than thirty days following the calendar quarter period.

As requested by the Department, Myers and Stauffer LC (Myers and Stauffer) tested the information included on the quarterly HS&R reports submitted by the CMOs in response to the Act for the quarter beginning July 1, 2018 and ending September 30, 2018 ("Quarter 3"). We attempted to confirm the information reported by the CMOs to demonstrate their compliance with the HS&R reporting requirements of the Act.

The quarterly HS&R reports submitted to the Department by the CMOs contain the following data: the identification of hospitals that requested HS&R reports including location, name of report requestor, date the HS&R report(s) were requested, the date the CMO released the report to the hospital or requestor, and other related information.

Using the HS&R reports provided by each CMO, we attempted to confirm no less than 57 report requests for each respective CMO. The Methodology section provides an overview of how we analyzed the data on the quarterly reports.

In order to perform this analysis, we utilized the quarterly reports submitted to DCH by each of the CMOs. Amerigroup Community Care (AGP), CareSource (CS), Peach State Health Plan (PSHP), and WellCare of Georgia (WellCare) reports were obtained by accessing their web portals on November 11, 2018. For Quarter 3, 404 HS&R reports were reported by the CMOs and can be found in Exhibit A of this report.

In accordance with the confirmation process approved by DCH, Myers and Stauffer requests confirmation of the CMO-reported request and release dates from providers, or their representatives, when the CMO-reported release date is 30 days or greater from the CMO-reported request date. With DCH's approval, HS&R reports were randomly selected for Amerigroup, CareSource, Peach State Health Plan, and WellCare to contact providers for confirmation of the dates reported by the CMOs.

Telephone calls or e-mails regarding 404 HS&R reports were initiated on November 27, 2018 and completed on January 3, 2019. Providers were asked to provide the date they requested the HS&R report and the date the CMO provided notification that the report was available.

A maximum of three attempts per provider were performed in an effort to acquire data for this analysis.

Once the data was collected, we analyzed the results and performed follow-up communication as necessary. Provider responses were compared with the dates reported on each CMO's quarterly report.

**ASSUMPTIONS AND LIMITATIONS** 

The assumptions and limitations summarized below should be noted when reviewing this report.

- Our procedures were not designed to identify instances where a CMO may have failed to include a provider's request for an HS&R report in the CMO's report to DCH. However, had instances occurred where a provider stated they requested an HS&R report from a CMO that was not included in the CMO's report to DCH, Myers and Stauffer would have communicated with the respective CMO to confirm the information obtained from the provider.
- Myers and Stauffer accepted a verbal or an email confirmation for information received from providers.
- If there was a disagreement between the CMO and provider, Myers and Stauffer accepted the documentation submitted by the CMO as confirmation.
- If instances occurred where a provider stated they received a requested HS&R report from a CMO after 20 days and that report was originally excluded from our confirmation process, we would have communicated with the respective CMO to confirm the information obtained from the provider.
- As instructed by the Department, if the due date of the report, 30 days after the report was requested, fell on a Saturday or Sunday, the next business day was assumed to be the due date for purposes of this analysis.

This section provides a summary of the analytical findings for this analysis. A summary of findings can be found on pages 8-9 of this report.

СМО	Number of Reports Requested, According to CMO or Provider	Number of Reports Released 30 or More Days After Request, According to CMO or Provider	Number of Reports Included in Analyses	Provider in Agreement with CMO- Reported Dates	Provider Disagreed with CMO- Reported Dates	Provider Not Able to Validate CMO Reported Dates
Amerigroup	109	0	57	20 (35.1%)	27 (47.4%)	10 (17.5%)
CareSource	105	0	57	48 (84.2%)	2 (3.5%)	7 (12.3%)
PSHP	115	2	57	48 (84.2%)	0 (0.00%)	9 (15.8%)
WellCare	78	0	57	47 (82.5%)	0 (0.00%)	10 (17.5%)
Total	404	2	228	163 (71.5%)	29 (12.7%)	36 (15.8%)

### Table I. Total Report Counts per CMO

As illustrated in the table above, we have included the total number of reports each respective CMO reported to the Department for Quarter 3. The findings indicate for 71.5 percent (163 of 228) of the HS&R reports, the providers were able to confirm the information reported by the CMOs. Providers disagreed with the CMO reported dates for two report requests. Providers were unable to validate the CMO reported dates for 36 report requests.

	Days Between Request and Release Dates					
СМО	Minimum	Average	Maximum			
Amerigroup	0.0	8.2	10.0			
CareSource	0.0	5.8	27.0			
PSHP	0.0	4.0	42.0			
WellCare	1.0	22.8	30.0			

Table II.	Length of	Time between	<b>Request and</b>	<b>Release Dates</b>	for HS&R	Reports, as	reported per CMO
-----------	-----------	--------------	--------------------	----------------------	----------	-------------	------------------

The statistics included in Table II are based on the dates contained within the CMO quarterly reports. Although the dates given to Myers and Stauffer by the providers were considered in the analysis, documentation provided by the CMOs was used to confirm the dates reported to DCH by the CMOs.

## AMERIGROUP

For Quarter 3, Myers and Stauffer did not identify any HS&R reports released by Amerigroup to a provider that were greater than 30 days. Twelve representatives were contacted regarding 57 HS&R report requests. Myers and Stauffer did not identify any HS&R reports released by Amerigroup to a provider that were greater than 20 days. The request and release dates reported by the CMO were confirmed for 47 requests. We were unable to confirm ten report requests as three providers were deemed unreachable after contact was initiated three times.

## CARESOURCE

For Quarter 3, Myers and Stauffer did not identify any HS&R reports released by CareSource to a provider that were greater than 30 days. Eighteen representatives were contacted regarding 57 HS&R report requests. Myers and Stauffer identified one HS&R report released by CareSource that was greater than 20 days. The request and release dates reported by the CMO were confirmed for 50 requests. We were unable to confirm seven report request as four providers were deemed unreachable after contact was initiated three times.

From review of the Quarter 3 report, Myers and Stauffer noticed there were report requests with missing release dates. We requested clarification of the release dates, where an asterisk was indicated. Erika Lawrence, a CareSource representative, responded with the following:

"In each instance where the \* is noted, the service dates are before July 1, 2017."

Myers and Stauffer requested that CareSource submit an updated report including the request dates for each report request. An updated report can be found in Exhibit B.

## PEACH STATE HEALTH PLAN

For Quarter 3, eleven representatives were contacted regarding 57 HS&R report requests. Myers and Stauffer identified two HS&R reports released by Peach State Health Plan that were greater than 20 days. The request and release dates reported by the CMO were confirmed for 48 requests. Myers and Stauffer identified two HS&R reports released by Peach State Health Plan to a provider that were greater than 30 days. We were unable to confirm nine report request as three providers were deemed unreachable after contact was initiated three times.

Myers and Stauffer requested clarification regarding the two late HS&R reports to South Georgia Medical Center and Taylor Regional Hospital. Claudette Bazile, a Peach State Health Plan representative, responded regarding South Georgia Medical Center with the following:

"There was a discrepancy between the TIN/Medicaid Provider ID provided for the Berrien facility and the TIN we had on file. Several emails were sent to the provider, requesting additional information and to verify the TIN information. Due to the provider's delays and lack of response, the report was developed using the information provided in our system (which did not match what was provided by the requestor)."

Claudette Bazile also responded regarding Taylor Regional Hospital with the following:

"This responsibility was originally assigned to the reporting manager. The reporting manager unexpectedly went out on medical leave and the duty was assigned to a fairly new employee who missed the deadline due to the transition."

Upon further review, Myers and Stauffer determined that Peach State Health Plan was able to provide reasonable explanation for the late report from South Georgia Medical Center. The Taylor Regional Hospital report was deemed twelve days late. A detailed explanation can be found in Exhibit C.

## WELLCARE

For Quarter 3, Myers and Stauffer did not identify any HS&R reports released by WellCare to a provider that were greater than 30 days. Fourteen representatives were contacted regarding 57 HS&R report requests. Myers and Stauffer identified 55 HS&R reports release by WellCare to providers that were greater than 20 days. The request and release dates reported by the CMO were confirmed for 47 requests. We were unable to confirm ten report requests as three providers were deemed unreachable after contact was initiated three times.

## SUMMARY OF POTENTIAL PENALTIES

Based on the findings above, there are potential penalties for late reporting that DCH may elect to assess for the quarter beginning July 1, 2018 and ending September 30, 2018 ("Quarter 3").

Peach State Health Plan was twelve days late providing the requested HS&R reports. Georgia Statute (O.C.G.A. 33-21A-11) states, "...Any care management organizations which violates this Code section by not providing the requested report within 30 days shall be subject to a penalty of \$1,000.00 per day, starting on the thirty first day after the request and continuing until the report is provided."

Pursuant to the statutory and contractual requirements, DCH may elect to import penalties of up to \$12,000.00 on Peach State Health Plan.

We make the following recommendations to the Department based on our findings after analyzing the Quarter 3, 2018 HS&R reports:

The Department may wish to assess a penalty of \$12,000 against Peach State Health Plan for the HS&R report which was not released within 30 days.

## Exhibit C

## Hospital Statistical and Reimbursement Report Quarterly Report

CMO Name:	Peach State He
Reporting Date:	10/23/2018
Reporting Period:	July 1, 2018 - Sep

Peach State Health Plan 0/23/2018 uly 1, 2018 - September 30, 2018

		Requested	Released	Requestor's Name	Days Late	Notes
Taylor Regional Hospital 222	2 Perry Highway, Hawkinsville, GA 31036-6748	7/2/2018	8/13/2018	Keara M. Dowling c/o Tiffany Jolly		This responsibility was originally assigned to the reporting manager. The reporting manager unexpectedly went out on medical leave and the duty was assigned to a fairly new employee who missed the deadline due to the transition.
South Georgia Medical Center - Berrien Nas	shville	8/3/2018	9/4/2018	Becki Shaughnessy		There was a discrepancy between the TIN/Medicaid Provider ID provided for the Berrien facility and the TIN we had on file. Several emails were sent to the provider requesting additional information and to verify the TIN information. Due to the provider's delays and lack of response, the report was developed using the information provided in our system (which did not match what was provided by the requestor). Please see below the timeline and summary of the exchange with the provider. In addition to the timeline, we have email documentation to support the delay in responses from the provider. Based on this we are disputing that the late report should be attributed to the health plan. 8/13/18-1 request the 4 missing TINs 8/14/18-She responds with Medicaid IDs 8/14/18-She responds with one, and promises to send the rest soon 8/14/18-She sends two more TINs 8/16/18-1 asked her to verify the TIN and Medicaid # she gave me for BGMC-Berrien 8/17/18-She responded she would check and let me know. 8/20/18-She responded with the TIN for NEGA-Barrow 8/24/18-1 asked again for an update on SGMC-Berrien 8/29/18-She responded she had not looked into it and was on vacation until Tuesday. 8/30/18-1 responded, no problem just wanted to get the response to her on time.
