

# Electronic Visit Verification

## Third-Party EVV Vendors

---

To be compliant with Section 1903(l) of the Social Security Act, as added by section 12006 of the 21<sup>st</sup> Century Cures Act (Pub. L. No.114-255) and further amended by Public Law No. 115-222, the State of Georgia implemented Electronic Visit Verification (EVV) for Personal Care Services (PCS) on April 1, 2021, and is working to determine the best path forward to expand the functionality to support EVV for Home Health Care Services (HHCS) in the future. The requirements of Section 1903(l) apply to PCS and HHCS provided through Georgia's Home and Community Based Services (HCBS) programs under the following authorities:

- SSA Section 1915(c) Home and Community-Based Services Waivers
- State Plan for Georgia Pediatric Program In-Home Nursing

The Department of Community Health (DCH) has implemented a State EVV solution that can be used by Providers to meet state and federal EVV requirements. Providers have the option to select an alternative third-party EVV solution that is currently integrated with the State EVV solution.

A list of approved EVV vendors is provided in the table below and on Georgia's EVV website under the EVV Third-Party Information subpage:

<https://medicaid.georgia.gov/programs/all-programs/georgia-electronic-visit-verification-evt/evt-third-party-information>.

**Please Note:** DCH is no longer accepting third-party integration requests for EVV. If you have any questions or concerns, please email the DCH EVV mailbox at: [evt.medicaid@dch.ga.gov](mailto:evt.medicaid@dch.ga.gov).

**Thank you for your time and commitment to EVV compliance!**

The table is up to date as of 4/23/2024.

Third-Party EVV Vendors			
Completed Integration (Approved and Production Ready) <i>(includes those with no providers in-scope)</i>		Declined to Integrate or Disqualified <i>(includes those with no providers in-scope)</i>
