Monday-Friday, and are happy to assist you!

GAHIPP

The Georgia Health Insurance
Premium Payment Program

helping Medicaid
members pay for
employer-sponsored
health insurance—
at no cost to you!

What is GA HIPP?

The Georgia Health Insurance
Premium Payment (GA HIPP)
program may pay for your private,
employer-sponsored health
insurance, if you or a family member
receives Georgia Medicaid.

How do I apply for GA HIPP?

It's easy to apply for the GA HIPP Program:

Step 1: Complete the application form and fax or mail it to the GA HIPP office.

Step 2: If you qualify, GA HIPP will begin reimbursing your monthly premium. If you are not already enrolled in your employer's health insurance plan, you will need to enroll and begin paying the monthly premium to receive your reimbursements.

What are the benefits of participating in the GA HIPP Program?

The GA HIPP program may provide:

- Medicaid payments for healthcare services not covered by Medicaid
- Access to a larger network of providers
- Coverage for family members, including those not eligible for Medicaid

How do I know if I qualify for GA HIPP?
To qualify, you or a member of your
family must:

- » Currently receive Medicaid benefits
- » Be eligible for employer-sponsored health insurance or a COBRA plan, if premiums are cost effective.

What happens after I am enrolled in GA HIPP?

You'll be asked to:

- Send proof of premium payment to the GA HIPP Unit each month (acceptable proof includes copies of pay stubs, bank statements, money order receipts, credit card statements, and letters from employers). GA HIPP will reimburse you for your payment the following month.*
- Show your Medicaid and health insurance cards to your healthcare provider during your visit.
- Keep copies of Explanation of Benefits (EOBs) or paid claims forms to support expenses related to medical conditions or ongoing treatment.
- Contact the GA HIPP office if your Medicaid eligibility, insurance coverage, or employment status changes.

* If you are receiving health insurance through COBRA or while on a leave of absence and the reimbursement method is not possible, GA HIPP can pay premiums directly to your employer or insurance provider.
